**SOLENOIDS FOR DIESEL FUEL INJECTION PUMPS**  
**ELEKTRISCHE VENTILE FÜR DIESEL EINSPRITZPUMPEN**  
**SOLENOIDES POUR POMPES A'INJECTION DIESEL**  
**ELECTROVALVULAS DE BOMBAS DE INYECCION DIESEL**

PROUDLY MADE IN ITALY

## L'AZIENDA

La società Tor Componenti Auto nasce nel 1979 da una lunga esperienza dei suoi soci fondatori nel settore della minuteria metallica di precisione. La società si è subito distinta per la sua produzione di elettrovalvole e parti di ricambio per carburatori auto di elevato standard qualitativo.

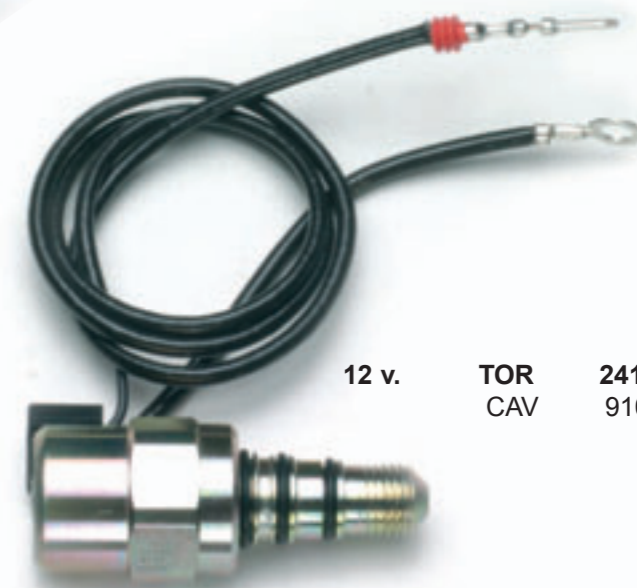

Grazie a questa esperienza da molti anni produciamo una vasta gamma di elettrovalvole per pompe iniezione diesel di qualità ed affidabilità pari o superiori a quelle originali. I traguardi raggiunti hanno portato la società ad essere fornitrice dei principali distributori di materiale diesel nella maggior parte dei paesi industrializzati.

## NOTRE SOCIÉTÉ

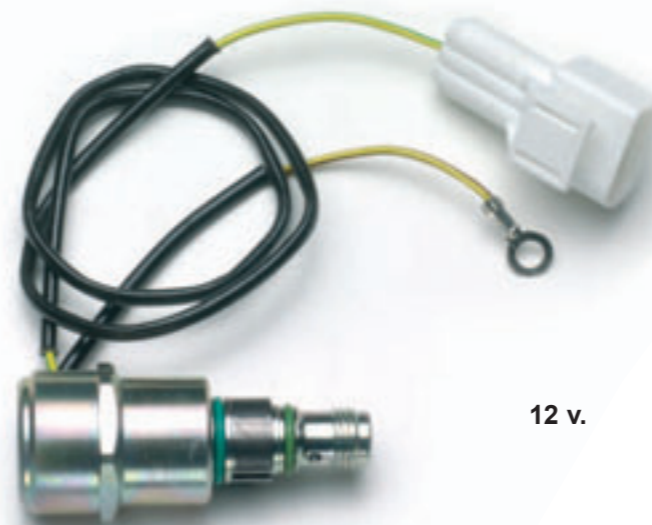

*La société TOR Componenti Auto est née en 1979 d'une longue expérience des membres fondateurs dans le secteur des pièces de décolletage métalliques de précision. Notre société s'est rapidement distinguée par sa production de solénoïdes et de pièces détachées pour carburateurs d'un niveau qualitatif exceptionnel. Grâce à cette grande expérience, nous produisons depuis plusieurs années une vaste gamme de solénoïdes pour pompes à injection diesel d'une qualité et d'une fiabilité comparables ou supérieures à l'origine. Les niveaux que nous avons atteints nous ont permis de devenir les fournisseurs des principaux distributeurs de matériel diésel dans la plupart des pays industrialisés.*

## ABOUT US

TOR Componenti Auto was founded in 1979 and has since established its reputation as a high quality manufacturer of solenoids for diesel-fuel injection pumps and car carburetor spare parts for the aftermarket. Tor's product performance and quality are based on a previous know-how and experience gained by the Company's founders and current owners as OEM suppliers to high quality, precision metal-turned parts. This expertise has allowed us not only to meet OEMs' quality standards but often to exceed them. This demonstrates our commitment to providing the highest level of service and satisfaction to our customers. These include the largest diesel engine distributors in over thirty countries around the world.

## QUIENES SOMOS

La sociedad TOR Componenti Auto nace en el año 1979 de una larga experiencia de sus socios fundadores en el sector de las piezas metálicas de precisión. La sociedad se ha distinguido por la producción de electroválvulas y partes de recambio para carburadores de vehículos con un elevado estándar de calidad.

Gracias a esta experiencia desde hace muchos años producimos una amplia serie de electroválvulas para Bombas de Inyección Diesel de calidad y fiabilidad igual o superior a las originales. Las metas a las que hemos llegado nos han elevado a ser proveedores de los principales distribuidores de material Diesel en la mayor parte de los países industrializados.

## QUALITA'

L'elevata qualità della nostra produzione è ottenuta grazie all'impiego di materiali e macchinari d'avanguardia. La nostra bobina completamente sigillata è insensibile alle vibrazioni del motore ed alle infiltrazioni di gasolio o di altre parti esterne. Questa caratteristica tecnica ci permette di offrire una garanzia di 24 mesi a partire dalla data di produzione marcata su tutte le nostre elettrovalvole.

## LA QUALITÉ

*De par la technologie de pointe, de notre parc machines et des matériaux employés, notre production est au maximum des conditions requises par les cahiers des charges. La bobine (élément essentiel) est totalement étanche au gaz oil et autres. Elle résiste particulièrement aux vibrations du moteur. C'est pourquoi nous pouvons accorder en toute sérénité DEUX ANNEES de garantie à compter de la date de vente gravée sur chaque produit.*

### QUALITY

*Our production processes utilize advanced materials and sophisticated equipment. This allows us to meet the most stringent quality and performance requirements. Our sealed coils are waterproof and can withstand engine vibrations, moisture and the impact of the harsh environment in which engines often operate. The high performance characteristics of our products give us the confidence to provide our customers a two-year warranty on all products.*

### CALIDAD

*La elevada calidad de nuestra producción se consigue gracias al empleo de materiales y máquinas de última generación. Nuestra bobina completamente hermetica es insensible a las vibraciones del motor y a las filtraciones de Gas-oil o de otras partículas extrañas. Esta característica técnica nos permite ofrecer una garantía de 24 meses desde la fecha de producción marcada en todas nuestras electroválvulas.*
